

# Introduction

Welcome to the Pixelate, the Fashion Outfit Posting & Try-On Website! This platform allows users to post outfits, try them on a virtual mannequin with a drag-and-drop feature, and browse outfits using an arrow-based selection system. Additionally, users can like and save favorite outfits, engage with others, and explore creative fashion ideas.

---

## Features Overview

### 1. Posting Outfits

- Users can upload images of their outfits along with details like:
  - Title
  - Description
  - Image URL
- Once submitted, the outfit appears on the main feed with the posted date and the user's name.

### 2. Virtual Mannequin Try-On

- Users can drag and drop clothing items onto a mannequin to mix and match styles.
- The mannequin provides a preview of combining articles of clothing into outfits.

### 3. Virtual Mannequin Closet Arrow-based

- Users can browse through recommended outfits using left/right arrows.
- Each outfit preview shows:
  - Outfit title
  - User name
  - Date posted
  - Short description

### 4. Liking and Saving Outfits

- Users can heart posts they like.

- Liked outfits are saved to the "My Liked Posts" page for easy access.

## 5. User Profiles

- Each user has a profile displaying:
    - Their posted outfits
    - Their liked outfits
- 

# How to Use the Platform

## A. Creating an Account

1. Click on Sign Up.
2. Enter your details (username, email, password).
3. Log in.

## B. Posting an Outfit

1. Click on "Add Post".
2. Fill in outfit details (title and description).
3. Upload image URL of your outfit/clothing.
4. Submit your post to share it with others.

## C. Using the Try-On Feature

1. Go to the "Try-On" page.
2. Drag outfit pieces onto the mannequin.
3. Mix and match until satisfied.
4. Screenshot and/or share your look.

## D. Browsing and Liking Posts

1. Use the main feed or filtering navigation to explore outfits posted by others and yourself.
2. Click the heart icon to save another user's post to "My Liked Posts".

## E. Viewing Your Liked Posts

1. Navigate to "My Liked Posts".
  2. Browse all saved outfits in one place.
- 

## Troubleshooting & FAQ

### Q1: Why can't I upload an outfit?

- Ensure your image file is in JPG, PNG, or GIF format.
- Check your internet connection.

### Q2: My outfit isn't appearing in the feed. What do I do?

- Refresh the page.
- Wait a few minutes for processing.

### Q3: How do I remove a liked post?

- Go to "My Liked Posts" and click the heart again to unlike it.
-
